

Attractive trap for Bed bug

8thCAL™

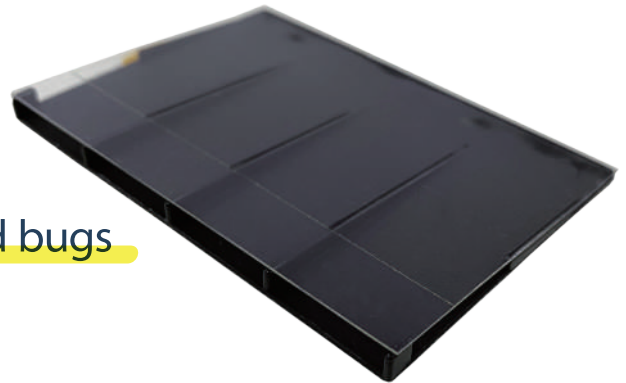

The Trap for Bed Bug

Product features

You can see at a glance!

The transparent adhesive sheet allows you to check the captured bed bugs at a glance.

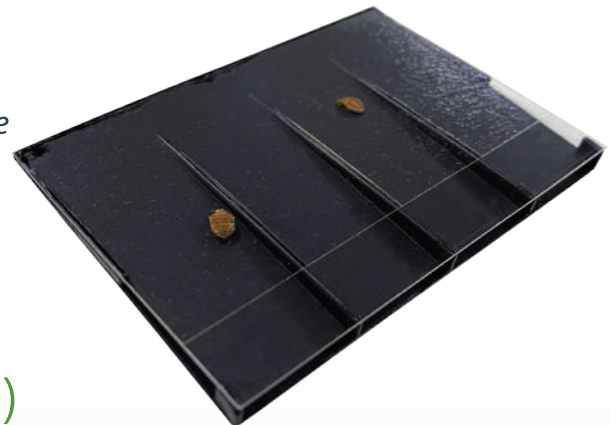

Strongly adheres to the backs of bed bugs

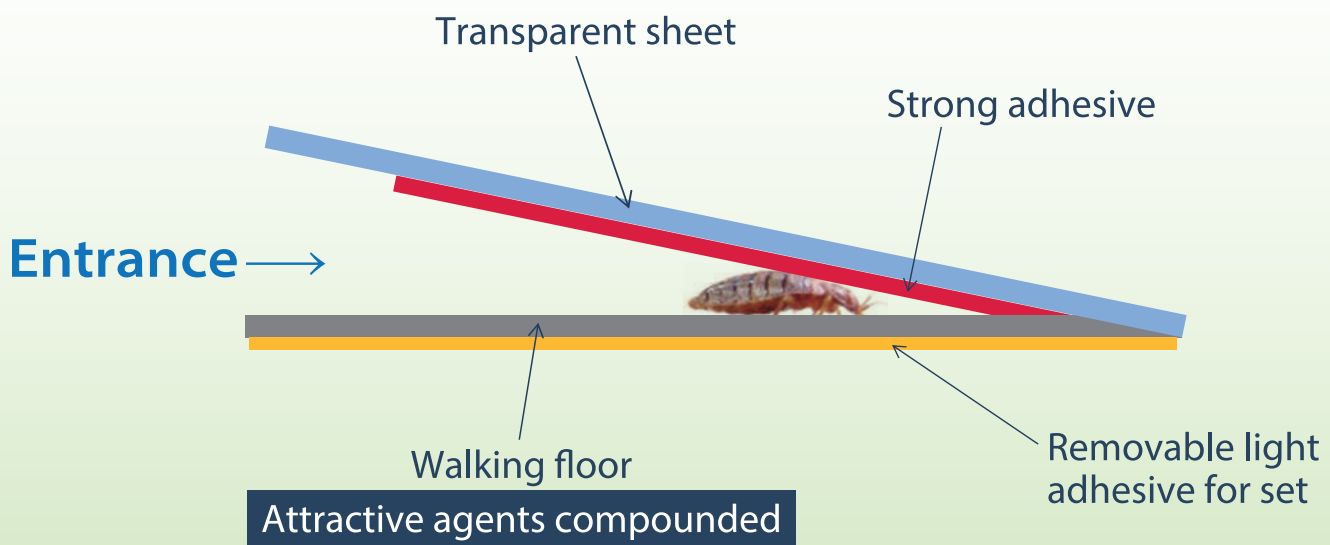

The bed bugs which prefer dark crevices, will go deeper and deeper, and their backs will stick to the transparent sheet (strong adhesive side).

Highly safe attractant!

A human-safe attractant is mixed into the base material to lure bed bugs. (The attractant effect lasts for 6 months.)

Construction (patent pending)

Product information

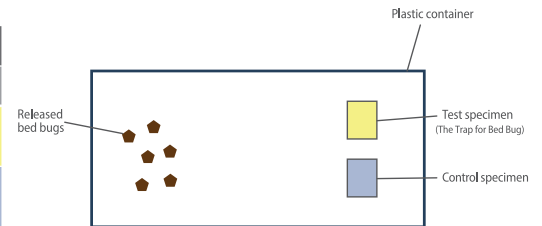

【8thCAL The Trap for Bed Bug】

- Size : W70 x H50 x 4mm thickness ■Weight : 6 g/piece
- Internal capacity : 40 pieces ■Country of origin : China

Side by Side

Capture device	Accumulated capture rate (%)			
	1day	2days	3days	7days
Test specimen (with attractant)	0.0	33.3	40.0	42.2
Control specimen (without attractant)	0.0	11.1	26.7	33.3

How to install

- Peel off the release paper on the mounting surface and attach it between the bed headboard and the mattress.
- When installing in the gap of the sofa or behind the mattress, insert without removing the release paper.

Precautions for use

- Daily checking is recommended for prevention and early detection.
- Attractive effect keeps in 6 months. High capture rate can be maintained by exchanging every 3 months.
- Do not use for any purpose other than the specified purpose.
- Do not disassemble the main body.
- Do not place near fire or in a place where it gets wet.
- Handle with great care because of the sharpness on the corners of the product.
